

January 2009

The Federation of Ontario Bed and Breakfast Accommodations, FOBBA, is a provincial association representing the eight B&B associations across Ontario comprised of over 160 private B&B's in 87 towns and cities.

A few of the stated benefits of FOBBA membership are:

- FOBBA is an umbrella organization protecting the interests of bed and breakfast owners with government legislation and regulations.
- FOBBA represents you (the B&B owner) when new rules are being made which will affect the bed and breakfast industry of Ontario.
- FOBBA is like insurance for your business.

FOBBA sets operating and a performance criterion for members and safety is one of those areas. FOBBA is providing eZfireplan as the software of choice for all B&B members to develop and post a fire safety plan and evacuation drawings.
